General note

Based on Article 13 of the Swiss Federal Constitution and the Confederation's provisions on data protection (the Swiss Data Protection Act (Datenschutzgesetz, DSG)) every person is entitled to the protection of their private sphere and to protection against misuse of their personal data. The operators of these pages take the protection of your personal data very seriously. We handle your personal data confidentially and in accordance with the statutory data protection regulations and this data protection declaration.

Working in close cooperation with our hosting partners, we endeavour to protect the databases as thoroughly as possible against access, loss, misuse, or falsification.

We would like to point out that data transmission on the Internet (e.g. communication by e-mail) can have security gaps. Complete protection of data against access by third parties is not possible.

By using this website, you agree to the collection, processing, and use of data in accordance with the following description. This website can be visited without registration. Data, such as pages accessed, or the name of the file accessed, and the date and time are stored on the server for statistical purposes without these data being directly linked to your person. Personal data, in particular your name, address or email address, is collected on a voluntary basis as far as possible. Without your consent, the data will not be passed on to third parties.

Processing of personal data

Personal data is all information that relates to an identified or identifiable person. A data subject is a person about whom personal data is processed. Processing includes any handling of personal data, irrespective of the means and procedures used, in particular the storage, disclosure, acquisition, deletion, storage, modification, destruction and use of personal data.

We process personal data in accordance with Swiss data protection law. In addition, we process personal data – insofar and to the extent that the EU GDPR applies – in accordance with the following legal principles in connection with Art. 6 (1) GDPR:

- a) processing of personal data with the consent of the data subject.
- b) processing of personal data for the purpose of fulfilling a contract with the data subject and for the implementation of appropriate pre-contractual measures.
- c) processing of personal data for the fulfilment of a legal obligation to which we are subject under any applicable law of the EU or under any applicable law of any country in which the GDPR is applicable in whole or in part.
- d) processing of personal data to protect the vital interests of the data subject or of another natural person.
- f) processing of personal data in order to safeguard the legitimate interests of us or of third parties, except where such interests are overridden by the fundamental freedoms and rights and interests of the data subject. Legitimate interests include, in particular, our commercial interest in being able to provide our website, information security, the enforcement of our own legal claims and compliance with Swiss law.

We process personal data for the duration necessary for the respective purpose or purposes. In the event of longer-term storage obligations due to statutory and other obligations to which we are subject, we shall restrict processing accordingly.

Privacy policy for cookies

This website uses cookies. These are small text files that make it possible to store on the user's terminal device specific information related to the user while they are using the website. Cookies make it possible, in particular, to determine the frequency of use and the number of users of the pages, to analyse the behaviour of page use, as well as to make our offer more customer friendly. Cookies remain stored at the end of a browser session and can be accessed again when you visit the site again. If you do not wish to do so, you should set your Internet browser to refuse to accept cookies.

A general objection to the use of cookies used for on-line marketing purposes can be declared for many services, especially in the case of tracking, via the US site <http://www.aboutads.info/choices/> or the EU site <http://www.youronlinechoices.com/>.

Furthermore, the storage of cookies can be achieved by deactivating them in the browser settings. Please note that not all functions of this on-line offer can be used in that case.

Privacy policy for SSL/TLS encryption

This website uses SSL/TLS encryption for reasons of security and to protect the transmission of confidential content, such as the requests you send to us as the site operator. You can recognise an encrypted connection by the fact that the address line of the browser changes from "http://" to "https://" and by the lock symbol in your browser line.

If the SSL or TLS encryption is activated, the data you transmit to us cannot be read by third parties.

Privacy policy for server log files

The provider of this website automatically collects and stores information in so-called server log files, which your browser automatically sends to us. This information includes:

- the browser type and version
- the operating system used
- the referrer URL
- the host name of the accessing computer
- the time of the server request

This data cannot be linked to specific persons. This data is not merged with other data sources. We reserve the right to subsequently check this data if we become aware of concrete indications of illegal use.

Services from third parties

This website may use Google Maps for embedding maps, Google Invisible reCAPTCHA for protection against bots and spam, YouTube for embedding videos and more.

These services from the American company Google LLC use, among other things, cookies and, as a result, data is transferred to Google in the USA, whereby we assume that in this context no personal tracking takes place solely through the use of our website.

Google is committed to ensuring an appropriate level of data protection in accordance with the American-European and the American-Swiss Privacy Shield.

Further information can be found in [Google's privacy policy](#).

Privacy policy for contact forms

If you send us enquiries via the contact form, your details from the enquiry form, including the contact data you provide there, will be stored by us for the purpose of processing the enquiry and in the event of follow-up questions. We will not pass on this data without your consent.

Use of Google Maps

This website uses the Google Maps service. This allows us to display interactive maps directly on the website and enables you to use the map function conveniently. By visiting the website, Google receives the information that you have called up the corresponding sub-page of our website. This happens regardless of whether Google provides a user account through which you are logged in or whether no user account exists. If you are logged in to Google, your information is directly associated with your account. If you do not wish to be associated with your profile on Google, you must log out before clicking the button. Google stores your data as user profiles and uses it for the purposes of advertising, market research and/or demand-oriented design of its website. Such an evaluation is carried out in particular (even for users who are not logged in) to provide advertising tailored to your needs and to inform other users of the social network about your activities on our website. You have a right of objection to the creation of these user profiles, whereby you must contact Google to exercise this right. For more information about the purpose and scope of data collection and processing by Google, as well as further information about your rights and settings to protect your privacy, please visit: www.google.de/intl/de/policies/privacy.

Use of Google reCAPTCHA

This website uses the reCAPTCHA service from Google Inc. (1600 Amphitheatre Parkway, Mountain View, CA 94043, USA; "Google"). The query serves the purpose of distinguishing whether the input is made by a human being or by automated, machine processing. The query includes the sending of the IP address and possibly other data required by Google for the reCAPTCHA service to Google. For this purpose, your entry will be transmitted to Google and used there. Your IP address will, however, be shortened by Google within member states of the European Union or in other states which are party to the Agreement on the European Economic Area. Only in exceptional cases is the full IP address transferred to a Google server in the USA and shortened there. On behalf of the operator of this website, Google will use this information to evaluate your use of this service. The IP address transmitted by your browser in the context of reCaptcha is not combined with other data from Google. Your data may also be transferred to the USA. Data transfers to the USA are covered by a European Commission adequacy decision, the Privacy Shield. Google participates in the "Privacy Shield" and has subjected itself to the guidelines. By clicking on the query, you consent to the processing of your data. The processing is carried out on the basis of Art. 6 (1)(a) GDPR with your consent. You can revoke your consent at any time without affecting the legality of the processing that has taken place on the basis of the consent until revocation.

You can find more information about Google reCAPTCHA and the corresponding privacy policy at: <https://www.google.com/privacy/ads/>

Privacy policy for Google Analytics

This website uses Google Analytics, a web analytics service provided by Google LL.C., 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA ("Google"). We can use the statistics obtained to improve our offer and make it more interesting for you as a user. This website also uses Google Analytics for a cross-device analysis of visitor flows, which is carried out via a user ID. If you have a Google user account, you can deactivate the cross-device analysis of your usage in the settings there under "My data", "personal data".

The legal basis for the use of Google Analytics is Art. 6 (1)(1)(f) GDPR. The IP address transmitted by your browser within the framework of Google Analytics is not merged with other data from Google. We would like to point out that on this website Google Analytics has been extended by the code "`_anonymizeIp()`;" in order to ensure anonymous collection of IP addresses. This means that IP addresses are further processed in a shortened form, thus excluding the possibility of personal references. If the data collected about you contains a personal reference, this is immediately excluded and the personal data is, therefore, deleted immediately.

Only in exceptional cases is the full IP address transferred to a Google server in the USA and shortened there. On behalf of the operator of this website, Google will use this information to evaluate your use of the website, to compile reports on website activities and to provide further services to the website operator in connection with website and internet use. For the exceptional cases in which personal data is transferred to the USA, Google has subjected itself to the EU-US Privacy Shield, <https://www.privacyshield.gov/EU-US-Framework>.

Google Analytics uses cookies. The information generated by the cookie about your use of this website is usually transferred to a Google server in the USA and stored there. You may refuse the use of cookies by selecting the appropriate settings on your browser, however, please note that if you do this you may not be able to use the full functionality of this website. You can also prevent the collection of data generated by the cookie and related to your use of the website (including your IP address) to Google and the processing of this data by Google by downloading and installing the browser plug-in available at the following link: [Disable Google Analytics](#).

You can also prevent the use of Google Analytics by clicking on this link: [Disable Google Analytics](#). This means that a so-called opt-out cookie is stored on your data carrier, which prevents the processing of personal data by Google Analytics. Please note that if you delete all cookies on your terminal device, these opt-out cookies will also be deleted, i.e. you will have to set the opt-out cookies again if you wish to continue to prevent this form of data collection. The opt-out cookies are set per browser and computer/device and must therefore be activated separately for each browser, computer or other device.

Plug-ins of the video portal Vimeo of Vimeo, LLC, 555 West 18th Street, New York, New York 10011, USA are integrated into this website. Each time you access a page that offers one or more Vimeo video clips, a direct connection is established between your browser and a Vimeo server in the USA. Through interaction with the Vimeo plug-ins (e.g. clicking the start button), this information is also transmitted to Vimeo and stored there. The Vimeo Privacy Policy, which provides more information about how Vimeo collects and uses your information, can be found in the [Vimeo Privacy Policy](#).

If you have a Vimeo user account and do not want Vimeo to collect information about you through this website and link it to your membership information stored at Vimeo, you must log out of Vimeo before visiting this website.

In addition, Vimeo calls up the tracker Google Analytics via an iFrame, in which the video is called up. This is a proprietary tracking feature of Vimeo that we do not have access to.
